hyatt regency atlanta

15 time winner

A signature property in a signature city, the Hyatt Regency Atlanta celebrates its 40th anniversary this year.

at work

As the first atrium-style hotel in the United States, the Hyatt Regency Atlanta made history when it opened in 1967, bringing style, energy, and creative risk to the table in the hotel industry. It's a gamble that paid off. The property's legacy for innovation—in design, service, and meetings facilities—continues as the hotel consistently upgrades its group offerings. As the largest hotel meeting facility in Georgia, Hyatt Regency Atlanta has 180,000 square feet of exhibit, meeting, and hospitality space all under one roof, including 52 meeting rooms, four dedicated hospitality suites, three ballrooms, and expansive exhibit facilities. The hotel features a 29,000-square-foot ballroom, 38,000-gross-square-foot exhibit hall, and a 19,757-square-foot conference center with 19 flexible meeting rooms.

at rest

The property's 1,260 guest rooms provide a serene escape from the bustle of big-city Atlanta. Newly renovated and sporting a sleek, contemporary style, every room boasts a signature Hyatt Grand Bed, featuring ultra-plush pillows, the softest sheeting, and a thick down blanket—all piled

atop irresistible pillow-top mattresses. Downtown or pool views complement deluxe amenities, such as the mobile workstation and high-speed wireless Internet access that keep meeting attendees in touch with home and the office. Luxurious Portico bath products, fluffy towels, and comforting robe complement the renovated bathrooms.

at play

Hyatt Regency Atlanta is within walking distance of many downtown attractions: The new World of Coca Cola, which opened this spring to rave reviews; the new Georgia Aquarium (the world's largest); CNN Center; Turner Field, home of the Atlanta Braves; and Georgia Dome, home of the Atlanta Falcons. Planners love that all of these seminal attractions are available as special events venues for their programs in addition to providing excellent downtime possibilities. On-site recreation at the hotel includes a newly upgraded 5,000-square-foot fitness center and an outdoor pool with sundeck.

at the table

Award-winning catering services are continuously praised by groups using the Hyatt Regency Atlanta. In addition, three excellent restaurants delight the palates of meetings attendees. Avanzare Steaks is a city bistro-style restaurant featuring aged USDA steaks, chops, seafood, and lamb perfectly prepared. A spectacular 1,800-gallon saltwater aquarium provides a unique entertainment backdrop here. Located in the beautiful Atrium Tower lobby, Kafe København offers a relaxing open-air atmosphere for a quick and delicious breakfast, lunch, or dinner buffet, while Perks offers specialty coffees and delectable pastries 24/7.
